BECOMING A LOCAL DISTRIBUTOR

The Criteria for selling God's Herbs will include a **mandatory** training before becoming a Local Distributor. This will be done through the International School of Detoxification that Dr. Morse does annually or thru the DVD Home Course. This would give each distributor the proper training on how to recommend the herbs for different types of health issues that you may come up against in the field. Besides the specialized training, we offer phone support with one of our trained consultants; a generous profit margin; and for any clients that you feel need more that you can handle, you can always refer them to Dr. Morse's Health Clinic for office appointments or phone consultations.
